## CAREER SUMMARY:

---

I am a skilled and certified Data Analyst with strong skills in using Excel for data analysis, creating visualizations reports and dashboards with Power BI and Tableau, I have a good understanding of MySQL. In my recent internship at AI Variant, I focused on manufacturing analytics, using tools like Excel, SQL, Tableau, and Power BI to extract valuable insights. I am dedicated to leveraging data for informed decision-making and process improvement, making me a valuable asset in the field of data analytics.

## SKILLS:

---

- Advanced Excel skills for in-depth data analysis.
- Data Visualization:  
  
Power BI: Creating interactive dashboards and visualizations.  
Tableau: Designing and implementing visual analytics.
- Data Transformation:  
Power Query: Transforming and cleaning data efficiently.
- Database Management:  
Proficient in MySQL for database queries and management.

## INTERNSHP PROJECTS:

---

### Adventure Works Cycles Company

12th Sep 2023 To 11th Dec 2023

- Project Objective: Lowering the Cost of Production, Analyzing Sales Data, finding top and bottom products,
- Utilized a strategic combination of Microsoft Excel, Power BI, Tableau, and MySQL.
- Sales Analysis: Utilized Power BI and Tableau to Identified trends and patterns in sales data to enhance forecasting accuracy and inform strategic decision-making
- Product Analysis: Conducted analysis to determine the best-performing products using a combination of Excel, Power BI, Tableau and MySQL.

- Overcame data transforming challenges by utilizing Power Query in Excel, Implementing data cleaning processes to enhance data accuracy and reliability.
- Collected and consolidated data from various sources.
